## BEAVER LODGE TO USE ENTIRE FLOOR

At the regular meeting of the Beavers Monday night it was definitely decided to take the whole of the second floor of the Herald building for use as club and lodge rooms.

The Beavers now occupy the east one-half of the floor. There are at present 420 members of the organization who have signed the roll, and many more candidates who have not appeared for initiation.

Is meat going up again? Not at Ardoin's. See page 2.

## CONDITIONS IMPROVE IN LOCAL LABORING CIRCLES

Conditions in the labor world have improved materially during the past week. This report was made at the meeting of the Central Federation of Labor Monday night. Particularly in the building trades which have been dull for two weeks is an improvement reported.

The first Monday in April has been chosen as election day when the members of the labor organizations will choose their delegates to the state convention of the State Federation of Labor, which will meet in Waco May 15 to 18.

## How I Made My Hair Grow

Woman With Marvelously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed; many of them made my hair greasy so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe they hurt the roots of the hair. After my long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-class condition. It also makes the hair easier to comb and arrange in any form. I believe a friend who used it two months and during that time it not only stopped the falling of his hair and wonderfully increased its growth, but practically restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any druggist. The preparation is as follows:

Bay Rum, 6 oz.; Menthol Crystals, 1/2 drachm; Lavender de Composee, 2 oz. If you like it perfumed add a few drops of To-Kalon Perfume, which mixes perfectly with the other ingredients. This, however, is not necessary.

Apply night and morning, rub thoroughly into the scalp.

Go to your druggist and ask for an eight ounce bottle containing six ounces of Bay Rum; also one-half drachm of Menthol Crystals, and a two-ounce bottle of Lavender de Composee. Mix the ingredients yourself at your own home. Add the Menthol Crystals to the Bay Rum and then pour in the Lavender de Composee and add the To-Kalon Perfume. Let it stand one-half hour and it is ready for use.

## SOME THINGS THAT ARE CAUSING TALK

Political Gossips Busy With the Colonel and His Trip on the West.

## SOME THINGS THAT ARE CAUSING TALK

New York, N. Y., March 7.—A \$10,000 dinner; a renunciation of Rough Riders; a day spent in presiding over ceremonies to be held in the town of Roosevelt, Ariz., to mark the opening of the Roosevelt dam, one of the greatest engineering feats in the west; and long hunting and fishing trips in and about the Rockies are some of the things that will enliven the peregrinations of Col. Theodore Roosevelt, who will start tomorrow on a two months' tour of the south and southwest. But aside from the pleasure with which such an array of "stunts" may be carried out, the colonel's tour is significant with the knowledge that a coincidence of events, whether planned or accidental, has set the tongues of rumor a-wagging and caused politicians great and small to awake from a post-election lethargy and once more fasten their attention upon the ex-president.

Some Significant Coincidences. The incidents that have aroused this political speculation are: The announcement of his tour immediately after the formation of the National Progressive league in Washington; his choice of the south and southwest as the scene of his activities, and his refusal to comment upon the political significance of his trip or its relation to the Progressive league. It is pointed out, by the political docters, first, that the announcement of the tour immediately following the formation of the Progressive league, a body said to profess political beliefs akin to those entertained by the ex-president, and believed to be hostile to the renomination of president Taft, is of more than ordinary significance. Second, that his journey through a country where delegates to the national convention will be meeting, would not come upon his attention with the Progressive league. "With the exception of two or three of my speeches," he said, "I shall prepare no orations in advance, but will be governed by the conditions prevailing at the time. Regarding the political significance of the tour and the Progressive league, I have nothing to say."

Some of the Stopping Places. In Atlanta he will address the Southern Commercial congress composed of leading business men throughout the south, many of them prominent in politics. He will have 12 hours for conference.

In Birmingham he will address a child labor commission. This is made up largely of federal officials and prominent women of the south. At Jackson, Col. Roosevelt will meet the governor of Mississippi, and this stop, the colonel says, is due largely to sentimental reasons because of the hearty reception he was given recently in that city.

New Orleans will entertain the ex-Rough Rider with a \$10,000 banquet, given under the auspices of the Commercial club of Louisiana. This elaborate affair will seat 600 guests at \$15 per plate and will number among its speakers some of the foremost men in the south and southwest. Each banquet will receive a Roosevelt medalion, costing about \$5 apiece as a souvenir of the occasion.

The annual convention of "Cattle Raisers," one of the most powerful organizations in the state of Texas, will then be addressed by the colonel at Austin. He will be followed by many of the political leaders of the state.

The next stop in the itinerary will be Albuquerque, N. M., where the ex-Rough Rider will spend two days among his old friends of the saddle. "These will be informal affairs," said Col. Roosevelt. "I would never dare pass through the state without stopping to greet my old comrades. Though the affairs may be informal, it is said that they will be decidedly lavish, for the ex-president is dear to the hearts of the plainsmen and his former troopers, many of whom now hold official positions and are making every effort to provide an entertainment that will not soon be forgotten."

The next stop will be Grand Canyon, Ariz., where a short address will be delivered. Then on to Phoenix for the opening of the Roosevelt dam, that great structure which plays so important a part in the vast system of reclamation inaugurated under the colonel's administration.

Will Motor Across Desert. Col. Roosevelt will preside at the exercises attendant upon the opening of the dam, will motor 75 miles across the desert to Phoenix for a part in the ceremony will spend the night in the town of Roosevelt, where they are to be held.

This dam is regarded as one of the most remarkable feats of engineering in the west. It is 254 feet high from a parapet to the foundation and is 1050 feet long on top. The waters held in check by this great structure will be used to irrigate more than 200,000 acres of land in the region of Phoenix, Ariz.

In Los Angeles, Col. Roosevelt will speak at the invitation of governor Johnson of that state. The colonel, talking on this portion of his trip spoke most enthusiastically of governor Johnson.

Governor Johnson is a great friend of mine," he said, "and I gave him my promise to make one or two speeches in his great state." He will also journey to Pasadena, which is nearby, and deliver an address before the Throop Polytechnic Institute.

Ten Days in Frisco. San Francisco, the termination of his transcontinental trip will receive some 10 days of his time. Here he will divide his time between the University of California, at Berkeley, where he will deliver the Earl lectures, six in

number, and his headquarters in the city where he will receive visitors from the Pacific slope.

No definite arrangements, other than a personal promise to be present at the opening of the new Y. M. C. A. building at Reno, have been made, though it is probable that he will visit friends in Oregon and Nevada for an intermediate period, after which he will visit Seattle and Spokane. No speeches to be delivered in those states are yet announced; nor is the length of his stay. At the conclusion of his visit he will probably go to some place in Idaho; thence to Sand Point, Mont., and home through the north middle west.

## ROOSEVELT'S TRIP STARTS WEDNESDAY

Former President Will Be Swinging Around Circle Until April 15.

New York, N. Y., March 7.—The itinerary of Theodore Roosevelt on his tour of the country has been announced. He will leave New York over the Pennsylvania railroad at 10:16 a. m. on Wednesday, and Sagamore Hill will not see him again until Sunday, April 16. Atlanta is his first stop and then he will go to Phoenix, Ariz., literally "swinging around the circle."

The line of travel dips down to New Orleans, stretches across the southwest, follows the Pacific coast northward to Puget sound, wavers into Idaho and Montana and then reaches home through Chicago, where the colonel will stop for a few hours only on Sunday, April 15. The full list of engagements occupies 22 typewritten pages.

In the view of the colonel, chief justice, Mr. Roosevelt will be Mr. and Mrs. Roosevelt, Miss Ethel Roosevelt, Miss Cornelia Landon, a friend of Miss Ethel's, and Frank Harper, the colonel's secretary. Mrs. and Miss Roosevelt will not join the colonel until he reaches Albuquerque, N. M., and throughout the trip will not attend any of the public functions.

At Albuquerque governor Sloan, of Arizona, will meet the party and will act as escort during the visit to the Grand Canyon. Here chief justice Edward Kent, of the supreme court of Arizona, and Archie Roosevelt will join for the sightseeing trip to the canyon and for the ceremonies at the ending of the opening of the Roosevelt dam near Phoenix, Ariz.

Mr. Roosevelt will accompany her husband as far as Los Angeles, and after dining with Mrs. James A. Garfield, the widow of the late president, will continue to Santa Barbara.

Regular trains will be used on the trip.

Perhaps the incident of the whole trip in which Mr. Roosevelt takes the greatest personal interest will be the dedication of the Roosevelt dam on March 10. He will make the dedication, afterward pressing the button that will release the first stream of water from the reservoir behind the dam to the thousands of acres it will bring under irrigation.

At night there will be a return to the dam to view the electric illumination and Miss Ethel Roosevelt will turn the switch.

## FOGG LEASES THE CRAWFORD THEATER

Will Also Take the Airdome. Rich to Manage El Paso Theater.

Howard Fogg has leased the Crawford theater and the Airdome from L. M. Crawford and Frank Rich. Crawford and Rich are going to retire from the popular priced amusement business in El Paso and Mr. Rich will devote his time exclusively to the road attractions and the El Paso theater.

The Crawford theater is to be remodeled during the next three weeks and the entrance placed on Main street, facing the plaza. Fogg will on the first of April take charge of the house for musical comedy and the stock company now playing there will close on that date.

The Happy Hour theater will be torn down in a short time to make room for the new El Paso hotel and Fogg, who operates this house at present, will then devote himself to the Crawford and the Airdome. He says the Airdome will be roofed with a tent roof for the summer season and that he will have musical comedy there.

"IRONMASTER" PLEASES. Gilmore Brown and his Players' Stock company are pleasing the patrons of the Crawford this week. The same bill "The Ironmaster," will continue till Sunday.

No play of recent years has created so much favorable comment as "The Climax," which will be seen at the El Paso theater Thursday and Friday nights of this week. The seats are now selling and the prices are 50 cents to \$1.50.

"GIRL FROM RECTORS." Sunday and Monday, March 12 and 13, El Paso theatergoers will have a chance to see the much talked of farce comedy, "The Girl From Rectors." The cast is said to be a splendid one and the company carries the New York production. Seats go on sale Thursday.

POLICE MAKE 501 ARRESTS DURING MONTH OF FEBRUARY. During the month of February the police department made 501 arrests; 205 of these resulted in convictions, 234 were dismissed and 54 were transferred to the county jail. About \$650 in fines was collected in police court and the regular fines will yield about \$900 more.

## ARTESIA WANTS A CLOUDCROFT ROUTE

Suggests That El Paso Take Up the Proposition For Mutual Benefit.

Artesia, N. M., March 7.—Artesia people think that while El Paso is considering a Tularosa-Roswell auto mail route through the Mesquero Indian reservation, it should investigate a Cloudcroft-Artesia auto route that is shorter, easier traveled and passes through more settled districts. It would advertise Cloudcroft in the Pecos valley and permit El Paso campers to take in the Pecos valley. Manager of the route between Artesia and Cloudcroft, a distance of 96 miles, three times a week and passes through Hope, Lower Pecos, Elk and Mayhill. There is an auto route to Hope, 22 miles distant, and a good auto road ten miles beyond Hope. A few thousand dollars would make a fine auto road to Cloudcroft. As the worst part of the road passes through the forest reserve, assistance could be secured from the government for the improvement of the road. Artesia and the towns along the road would lend financial assistance and the commissioners of Otero, Chaves and Eddy counties would contract with the road with El Paso making good. The government is paying \$2100 for carrying the mail between Artesia and Cloudcroft.

Artesia is considerably incensed over the government's apparently entering into a contract for the removal of the postoffice away from the center of the town, without letting the people know of the contemplated move. A telegram was sent to the department at Washington protesting against the removal of the postoffice. For information apply to Recruiting Officer, Coles Bldg., El Paso, Texas.

YOUNG GANTT HELD ON INSANITY CHARGE

Youth Who Has Been Ill Goes Out Scantly Clad.

Harry J. Gantt, 19 years old, son of Mr. and Mrs. Jesse Gantt, of 1017 South Virginia street, was arrested at the courthouse about 9 o'clock Monday night and a charge of insanity docketed against him at the police station.

Gantt, who is a bicycle repairer by trade, was dressed only in his underclothes when arrested. He was taken to the hospital about 4 o'clock and had been violent several times since then, his mother said. She also said that she was compelled to tie him in bed at one time Monday.

When placed in a cell at the police station he secured a broom and tried to batter down the cell door, but the broom was taken away from him by another prisoner, and he became quiet.

Twenty-one cases tried; seventeen convictions. During the January term of the district court there were 17 convictions secured out of 21 cases tried, four resulting in acquittals.
